QUESTIONS | ANSWERS

1. Are the products of meat and bones frozen? **Most are delivered fresh, but certain items would be acceptable frozen such as cryovac packages.**
2. Would we be delivering to you with our tractor trailers? **If that is your vehicle size, it can be done.**
3. In the Annual usage – How many Deliveries would be expected? **Currently the Zoo receives a delivery each week of approximately 200-250 pounds of femur bones, but could adjust to every other week to increase efficiency and reduce number of deliveries.**
4. The weight volume of the Product to be delivered in? for example Femur Bones are 60-80#'s per case. Or 2000# Combos of Bones can be shipped. **Historically, the Zoo has received 60-80-pound cases.**
5. Can you assist with providing more clarity on the desired product format for the items below?
 - a. Beef Shanks, estimated annual usage – 1,700lb – Hind or **Foreshanks**
 - b. Beef Ribs, whole slab, estimated annual usage – 1,200lb – **Backribs, yes**
